

Quarterly Report President Q3 2021

Report for the time 7th August - 30th September

Since I'm in Office I worked on getting an overview about the current state of the different open issues we have as a board on the table.

I have spoken with a couple of directors about the state of their department.

I also have spoken with community members about some ideas for the local community department.

I am still investigating, it's just 60 days so I don't can list results here, but I am hoping the next report will have more details and some results of my work.

Aachen, 10th Oktober 2021

Robert Deutz

President
